

PHOTOBOOK SAMPLERS

This section contains samplers of photo-books I have published. Each book varies somewhat in size (either 12x12" or 11 x 13") and length (between 150 - 240 pages)... so they are all beautiful sizeable books printed on high quality photo paper.

Purchase price varies generally \$130-175 + shipping.

The Books are:

1. "Crested Butte and the Gunnison Valley" (12x12" 166pgs)
2. "The West - A Search for Light and Color Among the Monuments" (13x11" 224 pgs mainly Color with more focus on the Iconic scenes)
3. "The Other West: The Places Between, the Roads that Connect" (13x11" 240 pgs mainly muted color, B&W Sepia rendering with some color images... a more "fine art" approach to processing these lesser known areas)
4. "Forested Impressions" (12x12" 156 pgs; Different processing techniques applied here to render a more painterly "Impressionistic" style I developed to the images)
5. "Wildflowers and Cactus Blooms" (12x12" 152 pgs featuring Wildflowers of Crested Butte and Texas, and Cactus Blooms and Plants of the deserts of the American Southwest).
